

We are interested in your experiences of using your Personal Budget

We would like to invite you to take part in our research study by taking part in a **45 minute** focus group discussion on your experiences of using a personal budget. We hope our findings will help improve services by deepening understanding of people's experiences and the barriers people face in gaining personal budgets. Our focus on personal budgets is part of a wider research project on user involvement in England.

*

We will offer £20 for your participation
