

## Call Out for artists and Performers

VIBE GALLERY is organising an event titled 'Black Dog Night: Back to Black' in Bermondsey, London. The event will take place on the 30th of August 2013.

We are specifically looking for artistically talented individuals, who have been affected by mental illness that would like to take part in our event. During the night we will be particularly concentrating on the social anxiety.

Perhaps you're into drama, or would like to present an anecdotal story, perform a musical melody or would like to present any other talent, please get in touch.

We also have **FREE** gallery space ONLY from the 29th August - 3rd September 2013.

Vibe Gallery is always keen to welcome artwork to exhibit during this time.
