Why Should You Attend The Supporters Club?

The Supporter Club is for carers as well as individuals. For families and friends of individuals that require support. This is a place where you can explore Personalisation as an individual and obtain guidance, whether you are eligible for council funding or if you fund your support yourself.

We will also be looking at universal services such as leisure, adult education, and transport that help members lead fuller lives as citizens.

And, we take the view point that prevention and early intervention can reduce the demand for more acute and intensive services. Meaning – Having a look at your life, planning, and putting services in place for you to a lead life, to the best of your ability, over a longer period of time than you would have, if you had not done a Support Plan.

Blackfriars Settlement's Supporters Club is a place that people can use to help achieve independent living and have complete choice and control in their lives.

Supporters Club

1.30pm to 3.15pm

**Held on the 1st , 2nd and 3rd Monday of every month
with refreshments provided.**
