

## Providing access to a GP or Nurse 8am – 8pm, 7 days a week

NHS Southwark CCG is developing plans to improve access to primary care. We've talked to local people about this at two previous engagement events. Now we want to update you on where we are and hear your views on how we can make this work for you

**Join us to have your say**

At this event you can:

- Hear our updated plans which incorporate feedback from local people
- Tell us how we can make the new service work for you and others
- Advise on the best ways to inform people about these changes
- Plus, have the opportunity to discuss plans with staff from local GP practices

**Wednesday 30 July 2014**

**6.30 – 8.30pm** (Refreshments from 6pm)

**InSpire Centre, Crypt at St Peter's Church,  
Liverpool Grove, SE17 2HH**
